ABOUT DOCTORS

Drs. Rana Sweis and Adam Gart

Drs. Rana Sweis and Adam Gart met in dental school where they obtained their Doctor of Dental Medicine degree from Midwestern University in Downers Grove, Illinois. They both graduated top of their class with distinctions.

During dental school, Dr. Sweis and Dr. Gart found a passion for volunteering and giving back to the community. They saw first hand how many people needed dental care but they could not access care due to lack of insurance.

After working in private practice for a few years, Dr. Sweis and Dr. Gart got married and moved to Colorado where they decided to build their own office. They knew they wanted a dental office that could provide dental care to anyone who needed it.

They offer their patients an in house membership plan so every patient at Smile Studio Dental, whether they have private insurance or not, will have access to the exceptional dental care provided by both doctors and their team!

Both doctors stay on top of the latest dental procedures and research by taking hundreds of continuing education hours per year. This allows them to ensure they are providing extraordinary quality to their patients.
